

Structural Engineers Association of Georgia Young Member Group

SEAOG YMG Night at belt@atl
Eastside Beltline Trail, Atlanta, Georgia.
Thursday, October 19

Along Atlanta's iconic mixed use pathway that is connecting many neighborhoods in the city, belt@atl meets monthly to join those in the A/E/C community that love to walk, run, bike or just get outside for a bit. This month several members of Georgia's SEA YMG teamed up with belt@atl to do just that. The group all gathered at the starting point, took off on their own path and joined back at Krog Street Market for some refreshments and networking. Linking up with belt@atl was a great opportunity for everyone to meet new people not only within SEA, but also those from other A/E/C industries around town. Our YMG is looking forward to many more events with belt@atl in the near future. Once spring comes around that is...
